The State Legislature now has before ion of New York's new municipal building in the only place where it can operly be located, on the present City Hall site. Every consideration of reason, common sense and municipal interest favors this choice of a position for the new structure.

OPENING OF THE NEW COLUMBIA THEATRE. The nev Columbia Theatre was formally opened to be public last night. The spacious building was thronged by a representative audience, to whom the artistic elegance of audience, to whom the artistic elegance of the decorations and arrangements of the lights was a revelation. After the orchestratinished "Columbia," Manager Knowles made a neat speech, thanking those who had contributed to the completion of the building, and then introduced Mayor Boody. The Mayor wished the proprietors all the success which such an enterprise deserved. The crection of such a handsome edifice, he said, was a sign of Brooklyn's development. After Mr. A. M. Palmer had made the actual dedication the curtain rolled up on the first act of "Alabama." The play was excellently done by the original company, which included J. H. Stoddard, E. M. Holland, Maurice Barrymore, Charles L. Harris, Agnes Booth and others.

NOT A \$20,000 FEE. for Defending Her Divorce Suit.

A story was current to-day that the firm of for their client, Mrs. Lizzle Hastings Fuller, in the divorce proceedings brought against her by Dr. Frazer C. Fuller, had put in a bill that followed, has leaked out. A suit will be of \$20,000 for their services, and that Will-lam H. Philips, Mrs. Fuller's testamentary guardian, had objected to its payment on the ground that it was exorbitant.

Members of Mr. Evarts's law firm declined to say anything in regard to this report to-day on the ground that the public was not concerned in their private affairs.

At the office of Carter & Ledyard, the law-yers who represent Mr. Phillips, the only information to be obtained was that the bill of Evarts, Choate & Beaman or their services is said that it will be worthless unless suit is

formation to be obtained was that the bill of Evarts, Choate & Beaman for their services was not "anything near as large" as the amount stated. Whether it was regarded as exorbitant or not Mr. Ledyard would not say. Funeral of G. DeF. Lord. The Mannattan Athletic Club wants the Metropolitan Association cut up into three divisions, Long Island to be a division by itself, New York, south of Yonkers, and New Jersey to form another, and New York, north of Yonkers, to constitute the third. The M. A. C. thinks it would have a better run for its money in this way. The proposition of the Cherry Diamond people will doubtiess be reported upon favorably and adopted.

GRAND OPERA-ROUSE.

PROPLE'S THEATRE.

Young Emmet was the star at the Standard Theatre last night, and "Fritz in Ireland" was the play. The young man had already made his deout in this city, so that curiosity was scarcely one of the characteristics of the audience. Emmet is a very comely fellow, and there are times when his resemblance to his father is quite striking. He lacks the magnetism of the dead actor, and other of his attributes. The play was capitally put upon the stage. Miss Helen Sedgwick did good work, and there was a delightful child in the cast.

kept the audience in a perpetual state of effervescent good humor. The revolving ship is very funny and a great deal of a surprise, "Eight Bells" is sure of a good week in Har-lem, appreciative Harlem, as it may now be called.

Tony Paston's.

There were five big attractions at Tony Pastor's Theatre last night, and numerous smaller ones. The big attractions were Tony Pastor, Maggie Cline, Lydia Yeamans, Marie Conchita and Nellie Maguire. The others were the three Judges, Edwin French, Captola Forrest, Harding and Ah Sid: Sain learin, the comic musician; the La Rose Strothers, clever trick tumbiers, and Mignon and Hughes, dancers. The audience was a very big one, and the indications were that there will be a series of large audiences while this excellent programme remains.
